

Installing Survey123 and the 2022 CBI Survey

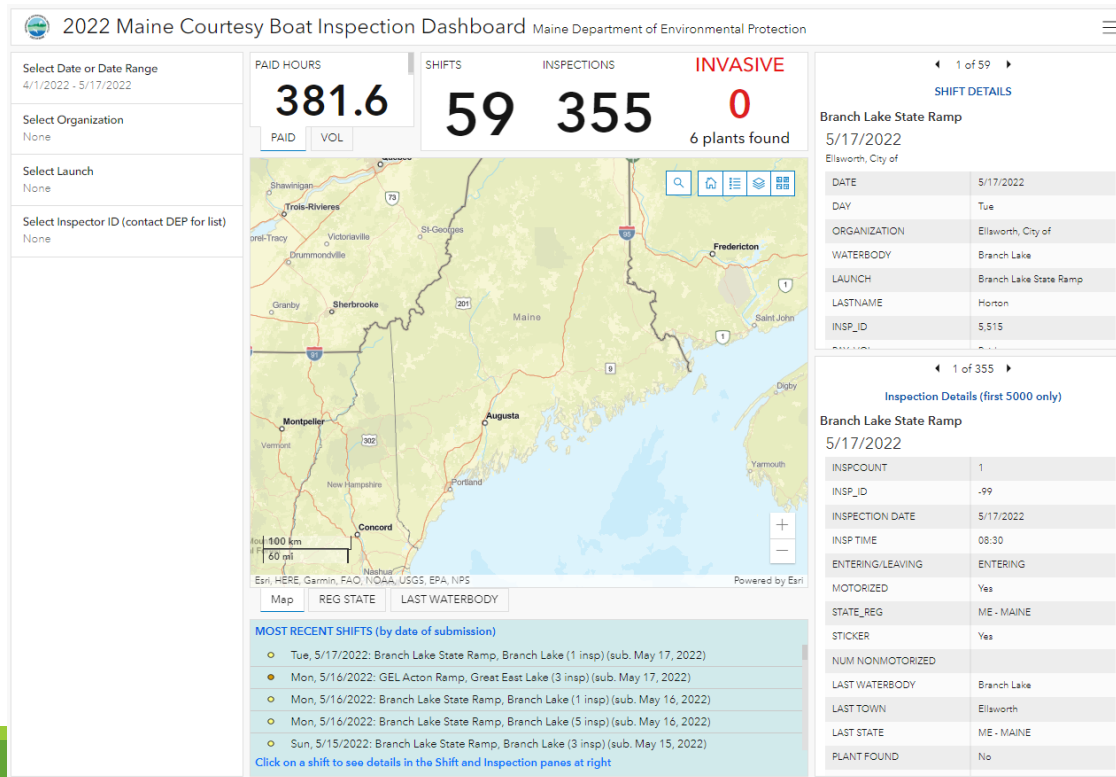

BECKY SCHAFFNER, MAINE DEP
Becky.Schaffner@maine.gov

Survey123 is a mobile data collection app:

1. Works on most phones, tablets, and computers
2. Replaces or complements paper forms
3. Can be used without cellular/wi-fi connection
4. Data sent to cloud database for immediate viewing in an online Dashboard (<http://bit.ly/CBIDASH2022>)

For Returning Users:

- Recommend updating Survey123 to latest version (3.14.255 or later)
- Updating your existing 2021 survey will download the 2022 version

2. Download CBI Survey

Method 1: Open Camera and point at QR Code (don't click the shutter.)

Or use built-in QR reader in Survey123!

If a Website QR Code button appears, tap it to open the arcg.is link in your default browser, and tap "Open in Survey123."

2. Download CBI Survey

Method 2: Open a browser on your device and in the address bar at the top (not the search box) type in bit.ly/MaineCBI2022 (case sensitive).

2. Download CBI Survey

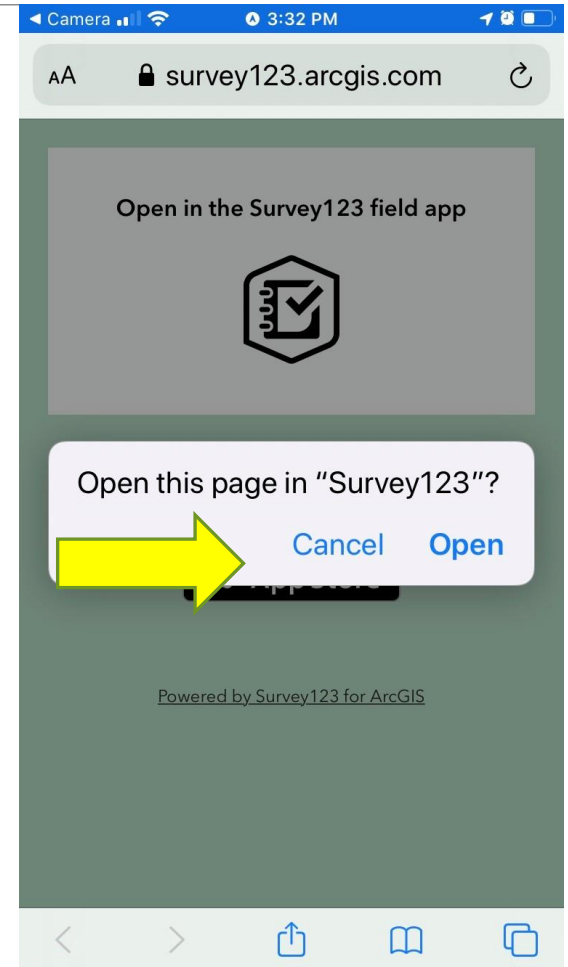

Using either method should open a window with a survey123.arcgis.com URL. Choose “Open in the Survey123 field app.”

The survey will unpack and open immediately in Survey123.

If Not, pop-ups may be blocked on your browser

Turn your pop-up blocker off or try a different browser.

3. OPEN SURVEY and begin collecting data

The image displays three sequential screenshots of the ArcGIS Survey123 application interface, illustrating the process of opening a survey and beginning data collection.

Left Screenshot: The main survey selection screen titled "My Survey123". A search bar is visible at the top. A survey card for "2022 Maine Courtesy Boat In..." is highlighted with a green circle. The card features a thumbnail image of a Maine 2022 Boat Registration sticker.

Middle Screenshot: The details screen for the "2022 Maine Courtesy Boat Inspection App". It displays the app's version (2022.1), owner (Becky.Schaffner@maine.gov_maine), creation date (3/19/21 10:53 AM), and modification date (5/17/22 1:29 PM). At the bottom, there are two buttons: "Collect" (with a plus icon) and "Sent" (with a play icon and a count of 3). A yellow arrow points from the "Collect" button to the right.

Right Screenshot: The data collection form for the "2022 Maine Courtesy Boat Inspection App". The form includes the following sections:

- SHIFT INFO:** For assistance with the app, contact Becky.Schaffner@maine.gov. [Click here to view the 2022 CBI Dashboard inspections have been submitted.](#) You may also enter your email on Pg. 3 to receive confirmation of your entry.
- SHIFT DATE:** Date will autofill with current date and can be changed if needed. Tuesday, May 17, 2022.
- AGENCY *:** Start typing the agency name to narrow down the list of options, then select the correct agency.
- RAMP *:** A dropdown menu for selecting a ramp.
- Ramp Location (defaults to ramp selected above):** Includes a location picker icon.
- INSPECTOR NAME *:** If your name is not in the list, select "Other/New Inspector" and enter your first and last name in the spaces below.

A yellow arrow points from the "Collect" button in the middle screenshot to the "AGENCY *" field in this screenshot. At the bottom right, it shows "1 of 3" pages.

4. Warning messages

Your computer or device internal location service or GPS is turned off.

- 1). Click Close to ignore message. Ramp locations (lat/lon coordinates) are built in to the app.
- 2). Google "Location services" and your computer/device operating system to learn how to turn on for Survey123.
