LakeSmart Tip: Clean Out Those Diverters

Rubber razors and/or open top culverts work, but they need to be maintained to be effective. Simply giving them some periodic cleaning ensures they continue to protect the road and lake!

LakeSmart is a program of Maine Lakes (www.lakes.me) run in the Lake Region by the Lakes Environmental Association (www.mainelakes.org). For more information contact Lauren Pickford (207-647-8500 – lauren@mainelakes.org).
